ACT Scores for Scholarships

What are the benefits of Superscoring?

Superscoring is the process of averaging your four best subject scores from all of your ACT test attempts. Your Superscore combines your best performances into one score that best reflects your abilities and, ultimately, allows you to put your best foot forward.

How are ACT Superscores used?

Some colleges and universities in Mississippi will use the new ACT Superscore for college admission and scholarships. In addition, the Mississippi Office of Student Financial Aid (MOSFA) will accept the ACT Superscore.

Who gets the ACT Superscore information?

ACT provides an automatically calculated ACT Superscore to all students who have taken the ACT more than once from September 2016 to the current day. ACT will automatically send your scores to the places requested when you registered for the test. Make sure to include the Mississippi Office of Student Financial aid (code: 2431). If you need to send the Superscore after the test date just log in to MyACT to view and send scores. Sending a Superscore report is \$15 per test date per report.

START TESTING YOUR JUNIOR YEAR

There are advantages to beginning testing in your junior year. Questions on the ACT are directly related to what you have learned in your high school courses. You've probably completed the coursework corresponding to the test material.

ABOUT WAIVERS

Four fee waivers are offered to help low-income students pay for the ACT. Ask your high school counselor if you qualify! Be aware that the waiver is used even if you don't test on the requested test date. You cannot re-use waivers.

Your ACT score and Mississippi financial aid

This chart should be encouraging because getting a few more questions correct in each section can boost your composite score. Applying the specific testing strategies you learn during ACT prep ought to help you get a few more questions correct in each section.

Approach questions on the ACT in one of three ways:

DO NOW

Easy questions are ones that don't take long to solve. Go ahead and answer them to get them out of the way!

DO LATER

Medium questions can take a little time to figure out. Skip these and come back to them.

DO NEVER

Hard questions are going to take a while to figure out the answer. Rather than use precious time, use your Spot of the Day!

TEST TAKING STRATEGIES

Pace yourself and answer EVERY question

Concentrate on the easy/medium questions to gain the most points. There is no penalty for guessing on the ACT, so guess on the hard questions if you are uncertain of the correct answer or you run out of time. The ACT booklet won't be graded, so mark it up as you narrow down your answers, show your work on math problems, and underline key information in passages.

Practice makes perfect

The ACT is a standardized test, so you can learn what you will be tested on and how the questions will be asked. Practice as if you are taking the real ACT, so get up early to practice while you are TIRED! Practicing will help you become more accustomed to taking the ACT.

Process of elimination

Narrow down your choices before taking a guess. A 50% chance of getting it correct is better than a 25% chance. Also, the test booklet won't be graded, so feel free to cross out and work out math problems directly in the book.

Spot of the day

Pick a spot of your choice before starting the test. Use that spot every time you need to guess or run out of time. It will increase your odds of getting questions correct compared to randomly guessing.
