TECHNOLOGY OR COMPUTER SCIENCE COURSE*
A course or courses that emphasizes the use of technology as a productivity tool. Instruction should include utilizing various forms of technology to create, collaborate, organize, and publish information. The application of technology as a productivity tool, rather than specific hardware and/or software packages should be the focus of the course.

TAKING DUAL ENROLLMENT?

Dual enrollment courses are considered earned college credits. Make sure to request a transcript from the college after graduation to send before you attend orientation so you don't duplicate credits on your class schedule. Your college GPA begins with any dual enrollment coursework, so it's important to take these classes seriously and study hard!

You may receive an invitation to join Phi Theta Kappa (PTK) Honor Society because of your grades from your dual enrolled courses. This is a big accomplishment that can lead to scholarship opportunities when you enroll full-time in college.

GET TO KNOW YOUR COUNSELOR

You will need the help of your high school counselor a lot during your senior year. Build a relationship with your counselor.

Counselor's Name
